

Job Title: Senior Associate

Practice: Data & Analytics

Avalere Health LLC (Avalere) is a leading advisory firm focused on the intersection of business strategy and public policy. Located in Washington DC, Avalere works with a diverse range of health care clients to determine the effects of public policy on their business or funding strategies. Avalere is a recognized thought leader in the health care industry, with published articles in nationally respected and influential journals.

Job Description

Avalere is seeking health care professionals for its Data & Analytics Practice. This Practice works with all sectors of the health care policy and business marketplace (e.g., providers, health insurers, government, financial services, life sciences). Projects in our Data & Analytics Practice include developing analytic models, synthesizing health care data and interpreting the results, and evaluating the evidence base for a range of medical technologies and services.

Applicants should have completed their graduate studies in public policy, public health, public administration, business, statistics, economics, mathematics, or other related fields. Prior, relevant full-time work experience, including internships, is highly desirable.

Applicants should have interest in and comfort with data, problem-solving, and quantitative analysis. Familiarity with and interest in health economics and outcomes research is desirable. The responsibilities of the open position include the following:

- Participating in the production of deliverables for a diverse set of clients
- Conducting analyses that quantify the impact of policy and/or market changes on clients' businesses or the federal budget

Key Skills:

- Strong quantitative, analytic, and problem solving skills.
- Excellent written and oral communication skills.
- Experience with a range of research methods, including systematic literature reviews.
- A willingness to learn complex issues relating to the health care delivery system.
- Initiative, working independently with minimal supervision.
- Ability to work in teams.
- Experience in managing multiple deadlines.
- A positive, professional, and solution-oriented attitude.
- Experience/familiarity with Excel spreadsheet models and/or experience/familiarity with a statistical software package (e.g., SAS, Stata, SPSS).
- Experience with Word, PowerPoint, and Outlook a plus.

Compensation

1350 Connecticut Avenue, NW | Suite 900 | Washington, DC 20036 | Tel 202.207.1300 | Fax 202.467.4455

Avalere offers competitive salaries and benefits commensurate with experience. Located on DC's famed Dupont Circle neighborhood, Avalere prides itself on its mission to help improve the health care system. For more information about Avalere, visit www.avalerehealth.net.

Avalere Health

Avalere Health is a leading advisory firm focused on the intersection of business strategy and health policy. Located in Washington DC, Avalere works with a diverse range of clients spanning Fortune 500 companies, major medical foundations, government agencies, advocacy and patient groups, and other organizations to determine how public policy affects their business or policy strategies. Avalere has been published nationally in respected and influential journals, and Avalere's policy conferences contribute to the health care policy debate.
